Total Hours:18

Student Degree Program Requirements.

A student's degree program requirements are those specified in the catalog in effect at the time of program minor. Students must meet the above program requirements and the graduation requirements indicated by institutional and college policy. The program can be changed only with the approval of an advisor. If original courses are eliminated, students may be required to meet new curriculum requirements for the degree program. If students are not enrolled for two or more consecutive terms (excluding summer), they must re-enter under the program requirements of the current catalog. Students are responsible for understanding program requirements and changes. This document is not official until signed and dated by the student and an authorized university representative.
